

My Favorite Pair Of Shoes Paragraph Organizer

Introductory Paragraph: Write an interesting topic sentence such as, *Even though they are worn and dirty, my blue, Nike sneakers are still my favorite pair of shoes. I would even wear them to bed if my mother would let me.*

2nd Paragraph: Tell about how long you have had the shoes, and how you got them.

3rd Paragraph: Discuss the special thing or incident you had involving your shoes.

Concluding Paragraph: End your story by telling how you feel about all you have been through with your shoe and whether you would like to have another pair just like them. Example: *I could kiss my shoes for giving me that extra boost of speed when I needed it. You can bet I would get another pair, if only Mom and Dad could see the beauty in them the way I do. They just think they are just old and ratty.*
